Dear Mr. Welch:

1. Please provide supplemental information to the pre-filed testimony stating the public need and that no other wastewater system is available at Wild Briar Subdivision.
2. The Data Response filed on June 30, 2005 states that there will be eight (8) full time residences, eight (8) vacation type residences and twenty four (24) on local rental programs. Please state which tariff rate schedule will apply to each of these three (3) types of dwellings. If any of these dwellings fall under a commercial tariff, explain why.
3. Please provide the commercial tariff that is referred to in the Company's Data Response footnote of Exhibit 1.
4. Please define "high capacity bedrooms". Explain why a commercial rate would be applicable. Refer to Exhibit 1 in IRM's Data Response dated July 22, 2005.
5. Please list all qualifications a residential customer has to meet in order to get resident service.
6. The Data Response dated July 22, 2005 stated that construction would begin August 2005. Did construction begin on August 1, 2005? If not when will construction begin?
